Dear parent or guardian

We are delighted that your child's school or organisation has shown an interest in taking part in the BBC Young Reporter project. BBC Young Reporter gives young people the chance to create and share stories that matter to them.

By participating in the project, young people may get the chance to work with BBC staff of all levels including reporters, producers, editors, journalists, and engineers in making their stories. They may even get the opportunity to appear on BBC television, radio or online.

You can find out more about the project by visiting our website: www.bbc.co.uk/youngreporter where you'll also find details of our BBC Child Protection Policy and our editorial guidelines.

We would like you to agree to your child taking part in this project and agree that the work they create or feature in (including video, audio or still images) may appear on BBC radio stations, television channels, online or BBC social media accounts.

Any information collected about you or your child will be held securely on a BBC database for administration during the BBC Young Reporter project. We will never pass data about you or your child to any third party other than is necessary for the running of the BBC Young Reporter project.

To agree to your child taking part in the project please complete the form on the following page.

Yours faithfully
